

# 5 things FICO is doing to help Lenders turn financial dreams into reality for consumers:

1

## KNOW

Hundreds of lenders are participating in the FICO® Score Open Access program to provide FICO® Scores to consumers for free. Know your score.

2

## LEARN

Score a Better Future is a national program that brings together consumer advocates, credit educators, and community leaders in a series of free educational events across the country to help consumers learn about credit scores and financial tools they need to help them achieve their dreams.

3

## BUILD

A growing network of credit and financial counselors participate in the FICO® Score Open Access program, helping thousands of consumers prepare for their next financial step, and have free access to their FICO® Score.

4

## PLAN

Get the latest tools and resources for consumer financial education, free at myFICO.com, including educational videos, calculators, and planning resources to help enable consumers to achieve their goals and understand potential action plans.

5

## YES!

FICO is committed to helping Lenders safely say yes to more customers and empower their financial dreams...learn more about the latest innovation from the FICO Financial Inclusion Initiative – Introducing UltraFICO™ Score.
